Remarks

Homes like this don't come along often-this one-family-owned ranch in the heart of Clawson has been lovingly maintained for decades and is ready for its next chapter. This 3-bedroom, 1-bath home offers a bright, functional layout with beautifully refinished hardwood floors throughout the main living areas. Whether you're buying your first home, right-sizing, or looking for easy, single-level living, this one checks the boxes. The big-ticket items are already done, including roof (2019), furnace (2019), windows (2019), insulation (2019), chimney (2018), underground downspouts (2020), and plumbing updates (2025)-giving you confidence from day one. The basement is already in motion, with recessed lighting installed, a roughed-in bathroom, and insulation and framing completed-offering a head start to create the additional living space you've been wanting, finished exactly how you envision it. And the location? Hard to beat. Enjoy a front-row feel for Clawson's annual fireworks display, along with easy access to local dining, shopping, and everyday conveniences. Well cared for, well located, and full of potential-this is the kind of home that makes sense the moment you walk in.
